Let's discuss these two opposing views which confront us in the world of war and peace.

**Parashat Ki Tetze**

Throughout this *parashah*, with its diverse assemblage of laws (more than in any other *parashah*), one theme is prominent: the irreducible dignity and worth of a human being. Even the most marginal members of society, such as the criminal or the female war captive, are fashioned in the image of God and are to be treated accordingly.
